

# Thari

“Thari”, meaning loom in Tamil, is a collection born from memory, meaning, and sustainability. Inspired by my grandmother’s saree, the garment is created through the process of upcycling preserving the emotional and cultural value of heirloom textiles while reducing waste. This collection reimagines the legacy of the past through a modern lens, weaving stories of tradition, identity, and renewal into every stitch.

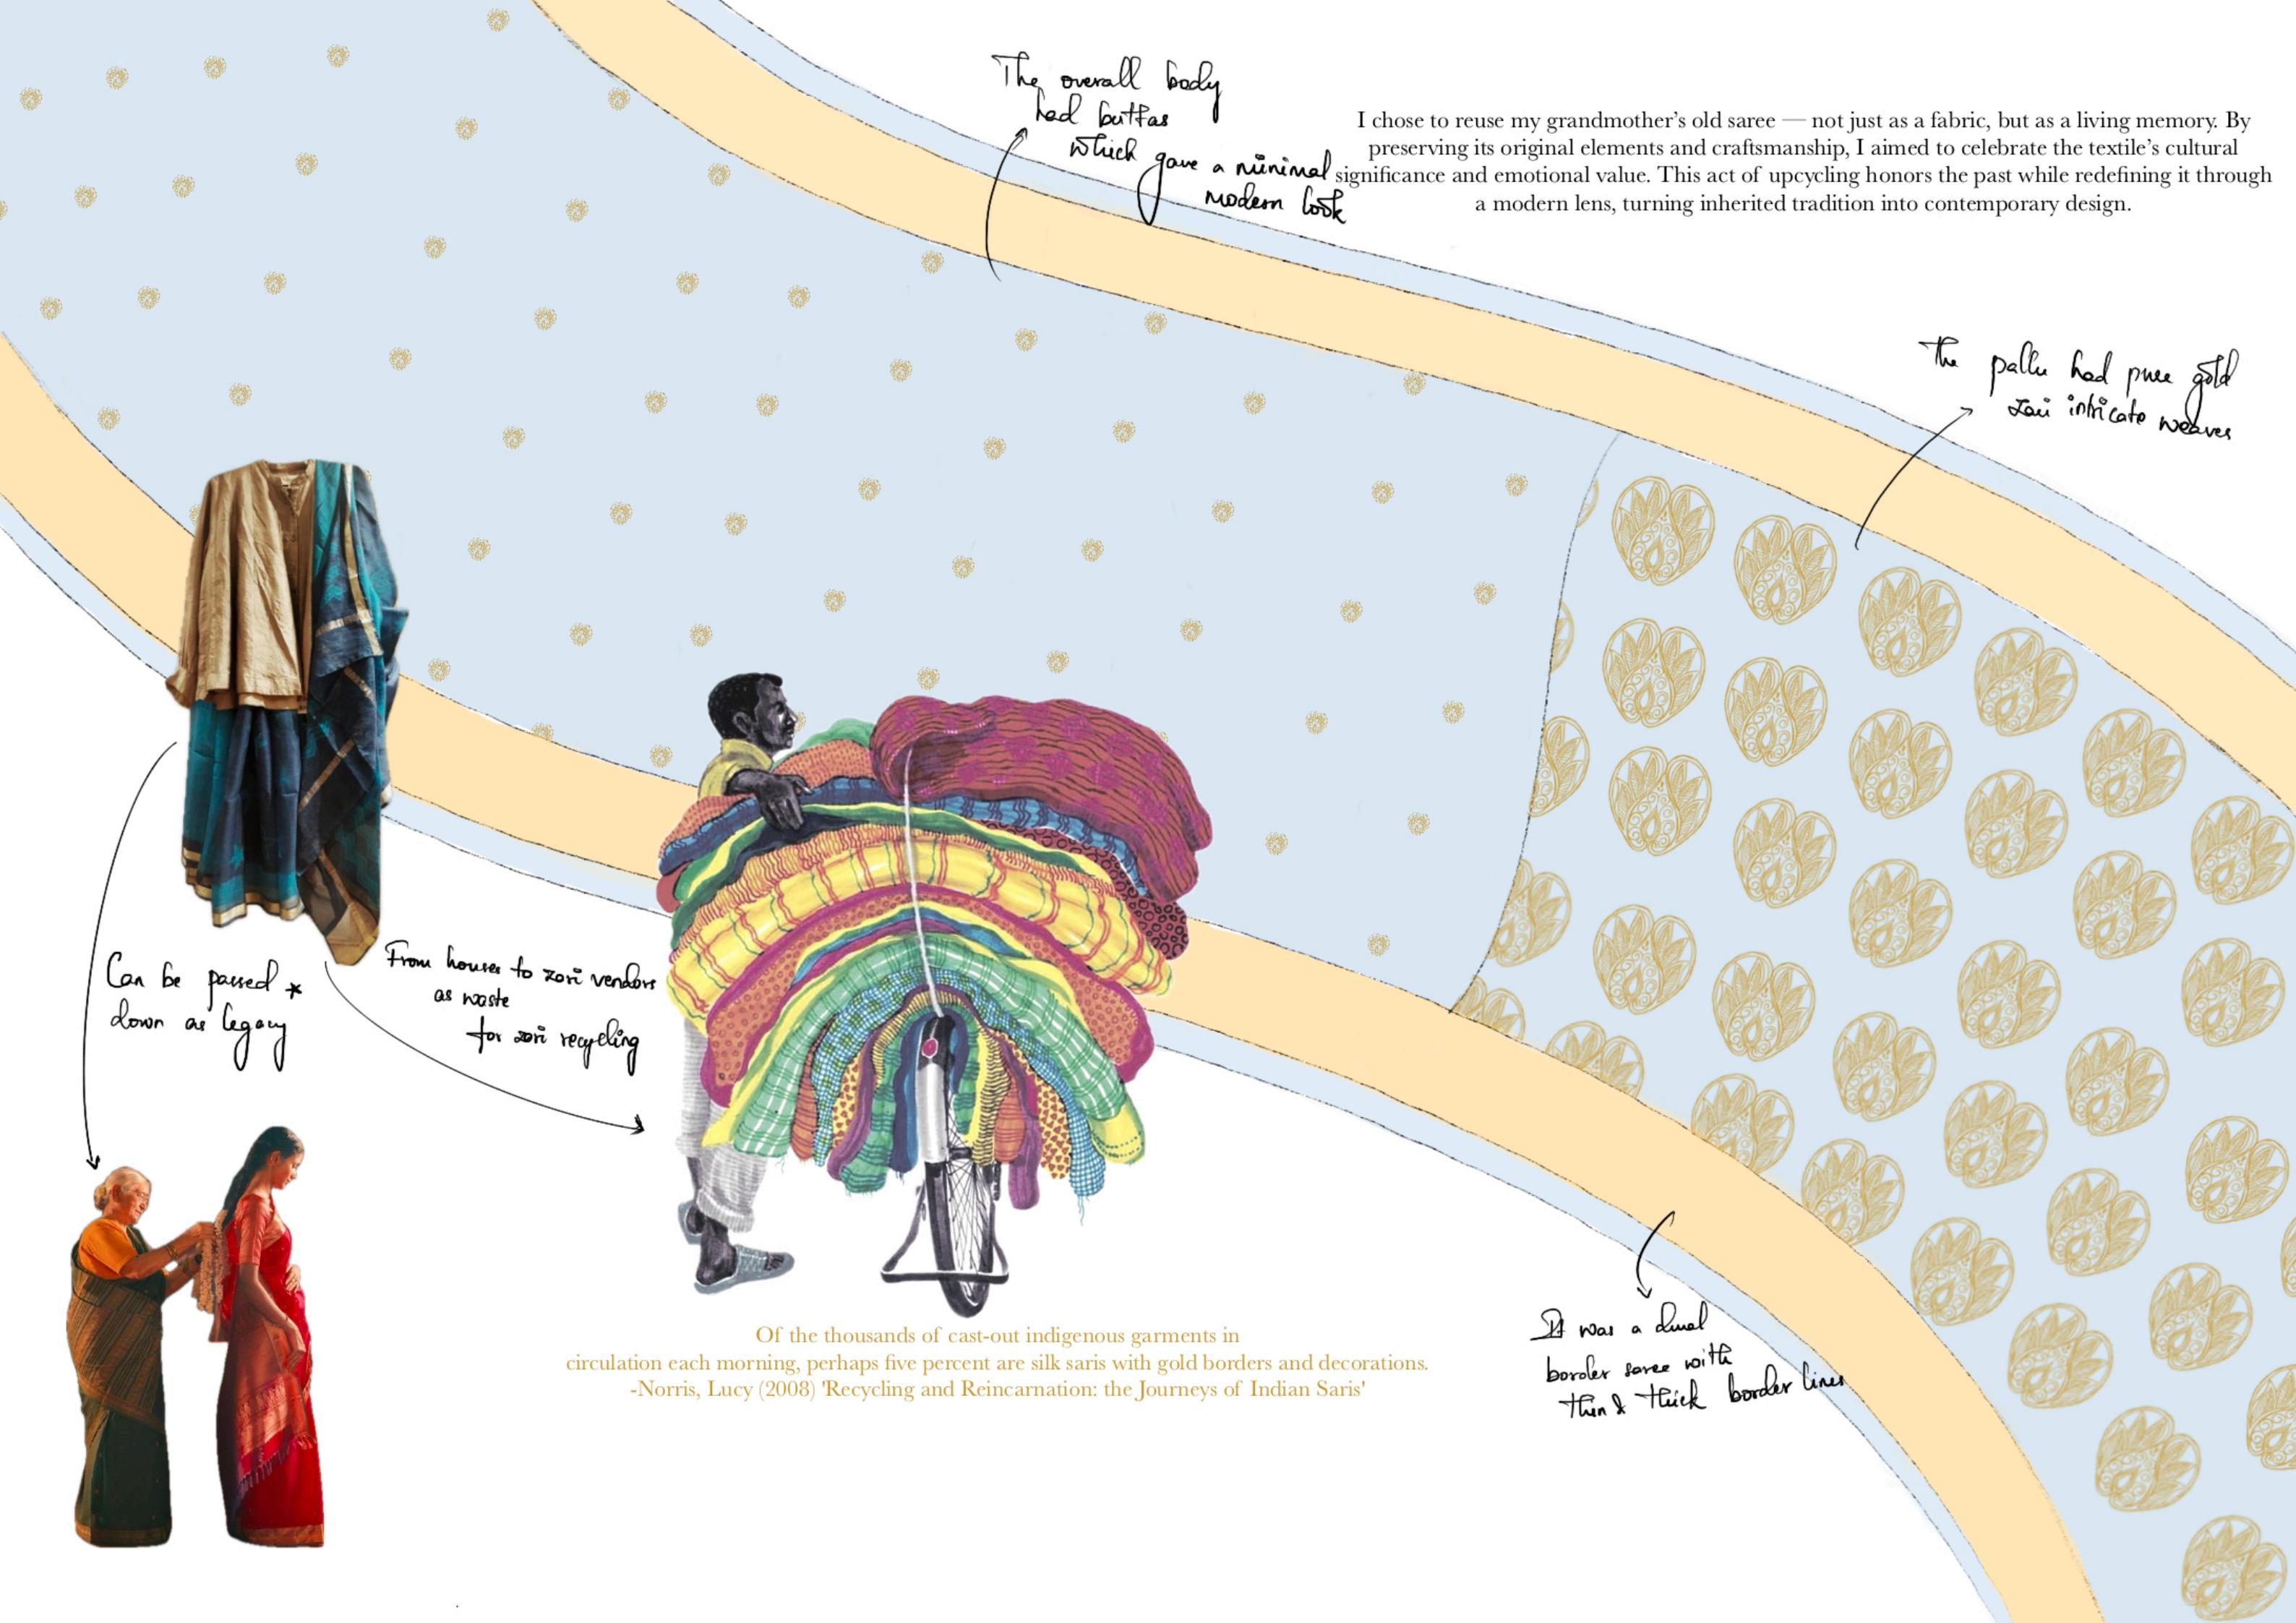

# Thari

- meaning 'LOOM'

We don't just wear the past; we transform it for the future.

# Final Garment
